

Alliance for NC SAVE\$ ENERGY

Organizational/Business Statement of Endorsement

We the undersigned organization/business are pleased to endorse the NC SAVE\$ ENERGY bill (H1050) in order to bring about genuine and substantial energy efficiency in North Carolina.

We believe that such an independently administered (non-utility) program, as has proven successful in other states, represents the best way to conserve energy, stimulate new job growth, save money on energy bills and reduce greenhouse gases and other harmful emissions across North Carolina.

Therefore, as articulated by the Alliance for NC SAVE\$ ENERGY, we agree that criteria for efficiency program selection should include considerations of:

- a. impact on electricity usage and demand
- b. benefits to low- and moderate-income households
- c. household comfort levels, improved health and protection against weather extremes for vulnerable populations
- d. cost effectiveness
- e. reducing utility bills
- f. creating new “green jobs” in new energy sectors for working families
- g. transparent and credible measurement and verification procedures
- h. geographic distribution

We agree as Endorsers, to promote NC SAVE\$ ENERGY in order to help gain approval by the NC Utilities Commission and, if necessary, the NC General Assembly.

___ I agree to allow my organization’s name to be listed as an endorser of NC SAVE\$ ENERGY on the NCSavesEnergy.org website and in other materials prepared by the Alliance for NC SAVE\$ ENERGY.

Business or organization name: _____
